New Way to Make Apple Dumplings Served With Hard Sauce or Cream

and Sugar

By Mrs. Janet McKenzie Hill, Edilor o, the Boston Cooking School Magazine Here is a new way to make apple dumplings that will surely please every housewife, for it is not necessary to have whole apples, and the juice cannot run out and burn as with apple dumplings where the apple is placed in the center and the dough turned up around it. The biscuit part forms a crispy shell that holds the apples and juice.

One and one-half cups sifted flour; 35 leaspoonful sait; 3 level teaspoonfuls K C Baking Powder; 14 cup shortening; about 1/2 cup milk; apples.

Fill the cups of a buttered muffin pan with pared and sliced apples, sprinkle with salt and turn two or three tablespoonfuls of water into each cup. Sift together, three times, the flour, sait and baking powder; work in the shortening, and mix to a soft dough with the milk. Drop the dough from a spoon with the apples in the cups, giving it a smooth exterior. Let bake about twenty-five minutes. Invert the pan on a large servingdish. Put a spoonful of hard sauce above the apple in each dumpling and finish with a grating of notmeg.

This is only one of the many new, delicious and appetizing recipes contained in the K C Cook's Book, which may be obtained free by sending the colored certificate packed in every 25-cent can of K C Buking Powder to the Jaquen Meo, Co., Chicago, he sure to get the 25-cent size-smaller cans do not contain Cook's Book certificates.
